

There is no greater calling than to serve our country and we are honored to help care for those who did. As an approved home care provider under the VA's Homemaker and Home Health Aide Program, we partner with the VA's dedicated team of social workers and care coordinators to care for you, our veterans, in your home.

We are also proud to be a Medicaid approved home care provider. And we know that it can be a challenge to understand whether you, or a loved one, is eligible for Medicaid or home care services through Medicaid. We're here to help guide you through.

Long-Term Care Insurance

Do you have long-term care insurance? Many people don't know that this may cover home care. Check with your insurer for details. We're happy to help.

HELPING YOU THRIVE AT HOME[™]

Our Family Guide to Home Care - what is right for you or your loved one.

I'm excited to be out in the field working with HCAN. Working as a caregiver with adults is just what I love to do. I can't see myself doing anything else.

I really like the feeling of helping people in a very meaningful way, and I'm excited that being a caregiver with HCAN gives me that opportunity.

Companion Care This is the best option when...

You're experiencing depression and feel alone | You'd like someone to check in with how you're doing both physically and emotionally | You want a companion who goes with you to fun social activities | "The house is too much" and you need help with cleaning | You live with arthritis and can't make dinner any more
